

# Medibel+ v7 / Ghent PDF Workgroup "MagazineAds\_1v4" COMPOSITE POSTSCRIPT SETTINGS FOR STEPS

## COMPOSITE PS SETTINGS FOR QUARKXPRESS PASSPORT 6.x

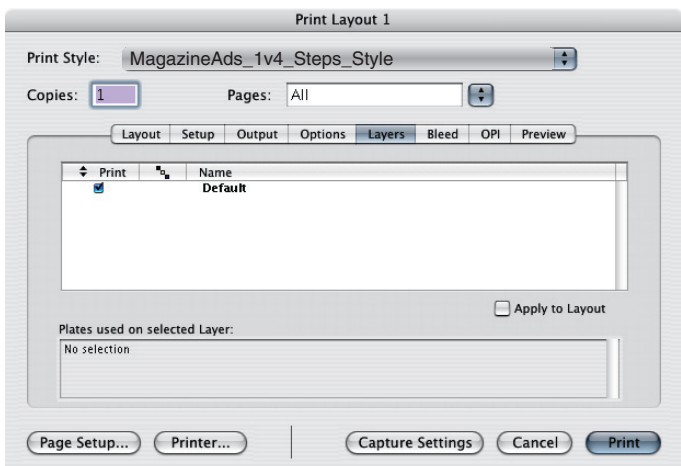

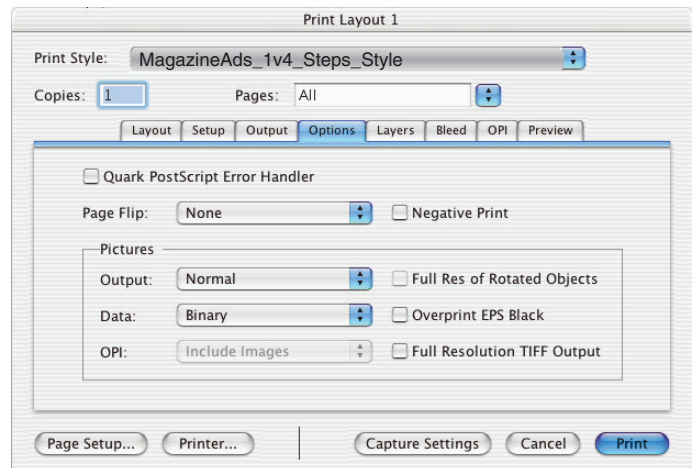

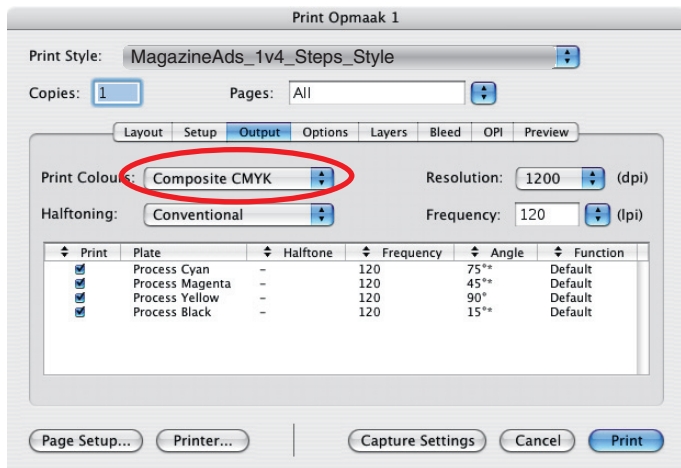

Enter the offset in mm, not in point!

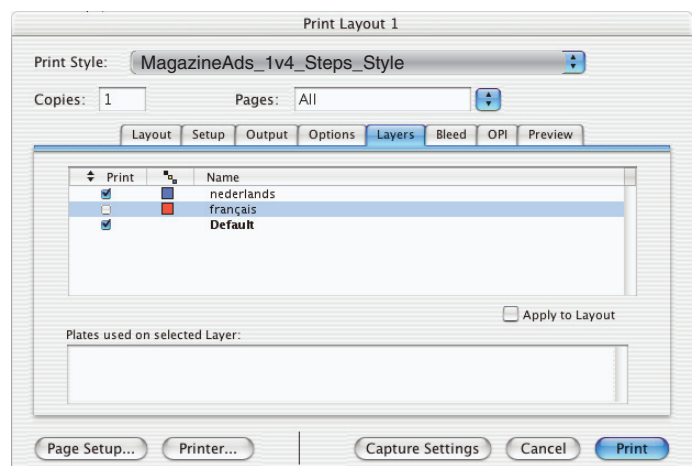

"Printer Description" and "Printer" should always be "Adobe PDF"!

$$x = 260 + 20\text{mm}$$

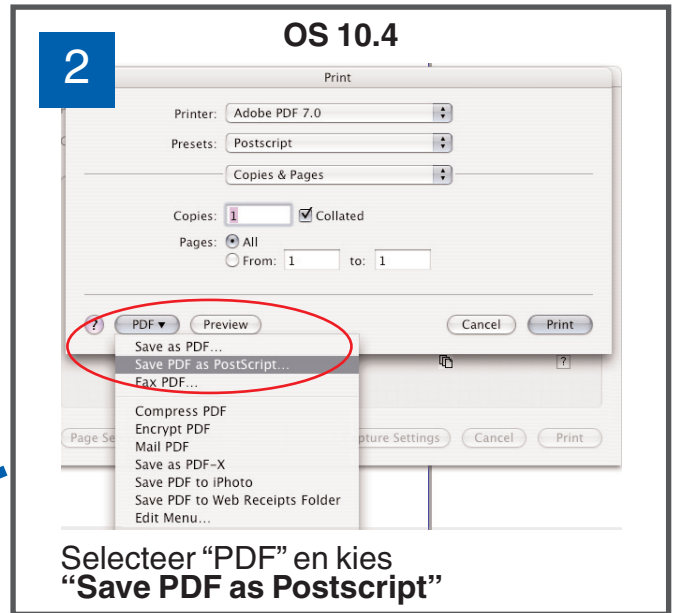

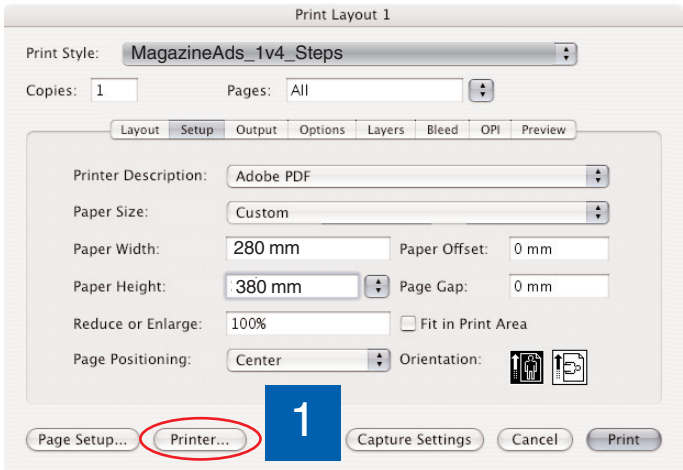

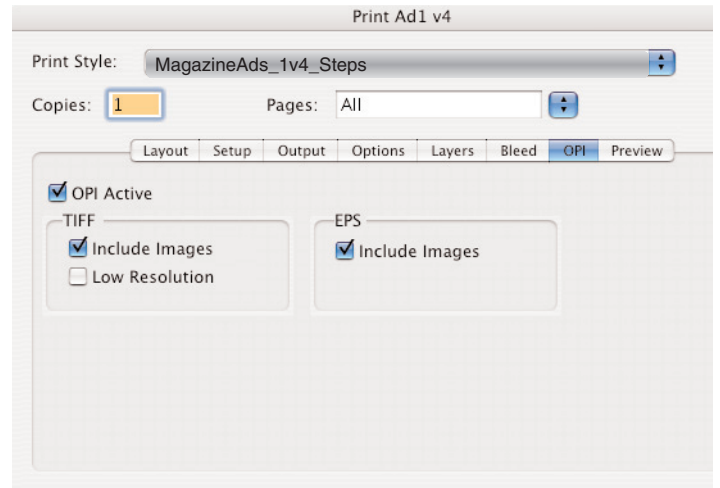

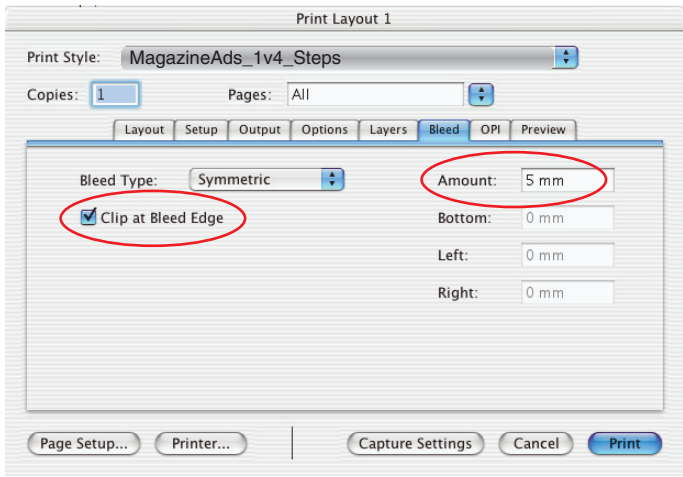

$$y = 360 + 20\text{mm}$$

OR

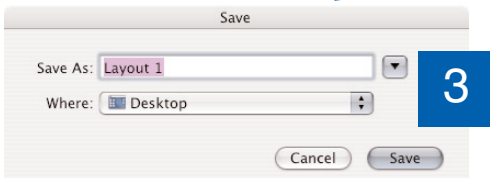

Select the appropriate layers if you work with language versions

Select "Printer..."

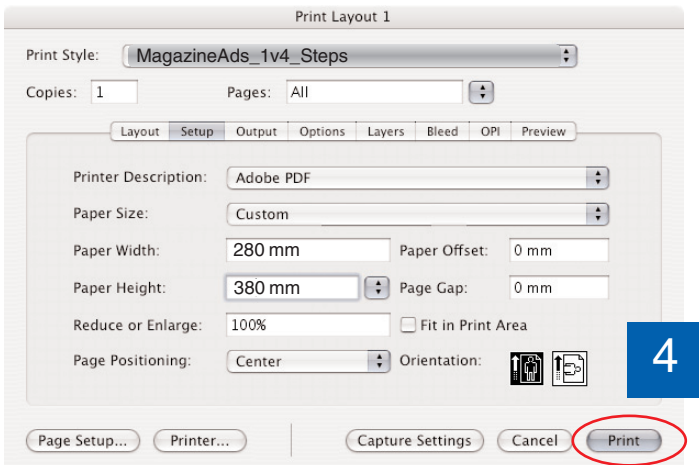

Selecteer "PDF" en kies "Save PDF as Postscript"

Click "Save" and choose where you want to save the file

Select "Save as File" and choose "Postscript" as format

Finally click on "Print" and the Postscriptfile will be written

# Settings for Acrobat Distiller 7 - 8 - 9
